

Job Posting Information	
Your role at U of T:	Staff
Position Type:	Part Time
Is this a Research Opportunity?	No
Job Title:	Physics Stores and Services Assistant
Occupation Type:	Skilled Trades & Labour (CUPE 3261)
Job Description:	The Department of Physics requires part-time staff members who are enthusiastic, physically able to do heavy lifting, customer service oriented, organized and possess a strong work ethic. Successful applicants will be responsible for the relocation of offices and laboratories, installation of office fixtures (e.g. whiteboards, shelving), other physical work as required and casual maintenance. Incumbents will also be required to cover shifts in Physics Stores and/or Physics Reception. Tasks include, but not limited to receiving, mail sorting, inventory duties and other administrative tasks when necessary.
Job Requirements:	Applicants should also have experience with both hand and power tools, Microsoft Office (Word and Excel), email accounts and navigating the internet. Some experience in retail, laboratories and/or light construction would be an asset. Safety shoes are mandatory. Must be a current University of Toronto student. The Department of Physics thanks all applicants for their interest; however, only those candidates considered for an interview will be contacted.
