FACULTY OF ARTS & SCIENCE

Centre for Quantum Information & Quantum Control

2026 Bell Prize Ceremony

Wednesday, August 19 · 2 p.m. to 5 p.m.

Earth Sciences Centre, Room 1050, University of Toronto

Antoine Browaeys

CNRS, Université Paris-Saclay

Mikhail Lukin

Harvard University

Mark Saffman

University of
Wisconsin-Madison

Join us at the 2026 Bell Prize session, where awardees will be honoured for pioneering contributions to quantum simulation and quantum computing with neutral atoms in optical tweezer arrays, including the development of large-scale programmable arrays for scalable quantum computation.

The event will include:

Award ceremony | Scientific talks | Networking break |

Interactive question period
