

## Where Are You Now?

In an effort to keep in touch with our alumni we are looking to find out where you are now. Please fill in the information below, save the file and send it to: [alumni@physics.utoronto.ca](mailto:alumni@physics.utoronto.ca)

We would like to post responses up in this section to allow alumni to see what their classmates have been up to and keep in touch. However we realize people value their **privacy**.

Please select the check box beside each item if you would like that information made public.

Whatever you **DO NOT CHECK**, that information will only be kept on file for our records and will **NOT** be posted/made public.

**Thank you for your help!**
